

QUALITY POLICY STATEMENT OF INTENT

Elite Construcciones SLL (the Company) aim to supply Construction services which fully comply with customer requirements.

The policy is designed to ensure the Quality Management System (QMS) meets and continues to meet the requirements laid out in the BS EN ISO 9001, applicable legal and statutory requirements. It provides a framework for establishing and reviewing quality objectives.

The Quality Manual details QMS requirements ensure that all employees and contract appointments are made aware of the company's quality policy, objectives and system documentation. They are trained to achieve Company work standards. They are required to inform management of activities, occurrences and conditions which put service quality at risk. Employees are responsible for observing quality policy provisions and carrying out their work in accordance with QMS requirements.

It is my responsibility to ensure the QMS is implemented efficiently and to ensure quality objectives and policy are regularly reviewed. I will seek to maintain the effectiveness of the QMS by ensuring staff adopt sound techniques of monitoring, control, audit and review.
